

SUMMERTIME FUN: CELEBRATING NEW STAFF AND INTERNS

Tim Crowe works on a 1969 Suburban

MEET TIM CROWE

It's mid-June and mechanic Tim Crowe is evaluating the underbelly of a 1969 suburban in the Righteous Rides Gospel Gearhead Garage. He secures the front bumper with his grease-lined hands, adjusts his gray ballcap, and then double checks his progress, Tim hopes that once the suburban is repaired it can be driven to car shows and open doors with automotive enthusiasts. His mission is to take the gospel to the hot-rod and off-road communities: to individuals who may not be reached by the church. Righteous Rides is excited to welcome Tim to our ministry staff and have his help in the repair and maintenance of our fleet vehicles. Keep him in your prayers as he raises support to work as a full-time missionary with us.

To read more about the Gospel Gearhead Garage crew, or to support Tim Crowe, visit the "Our Story" page on our website.

Fun Fact: Did you know that summer is the busiest season for Righteous Rides?

Interns Wil, Noah, Daniel, & Jordan

SUMMER INTERNS

We are also excited to welcome summer interns for the third year in a row! We have two returning interns, Noah and Jordan, from Virginia and Georgia. The new interns, Wil and Daniel, are students at LeTourneau in Texas. Our interns enjoy Biblical mentorship, hands-on job training from experienced staff and volunteers, and a chance to participate in the rich faith community at Righteous Rides.
