

Dear Friends,

Thank you for your interest in supporting my ministry as a mechanical missionary with Righteous Rides and Gospel Gearhead Garage. I am excited about the opportunities to serve the LORD with the gifts he has so generously given to me. My work as a mechanic helps to spread the gospel to the ends of the earth by providing safe and reliable transportation to missionaries, and offering comfort and care as they return home. I am convinced that the outreach to automotive enthusiasts and those in the automotive repair industry, which has already begun, will be just as fruitful.

My ministry is currently twofold. First, I work daily as a mechanical missionary. In this role I repair fleet vans for use by missionaries who have returned from overseas on furlough, and I repair donated vehicles for resale. The funds from the resale go to support the maintenance of the fleet vans. Second, when I'm not working to support the mission of Righteous Rides, my attention turns to the automotive repair industry. These men and women are a good group of people, hard-working and fun-loving. Sadly, they are often overlooked by the church. I have been convicted by the LORD that they are just as worthy to receive the gospel as anyone else. I find myself called to evangelize this wonderful group of people. I am overjoyed in this great calling and humbled that the LORD chose me to bring the good news of salvation to them. I was blessed beyond all measure with this great work.

I look forward to sharing with you in greater detail the vision the LORD has given to me in these endeavors. If you would like to meet with me to discuss any of this, please contact me and we can schedule a time to meet. To borrow from the apostle Paul, "I ask not that I should receive, but that you may share in the blessing." (Philippians 4:17)

Thank you again for your interest in supporting me in this work, and may the LORD bless and keep you.
