

FLEXIBILITY AND GRACE

A missionary checks over his Righteous Rides van with Marty, Missional Living staff member .

The TSY Hub opened in 2017. Righteous Rides works in partnership with Missional Living to keep (currently) 8 vans serving missionaries out of Knoxville.

TWICE RETURNED

By: Mitzi Bodie, wife of TYS Hub coordinator, TN

Recently, a missionary family returned one of our vans twice. Yes, you read that right: twice. Why? Because like most everything this year, things change.

When the time came, the S Family turned their van back into us, but the return to their country of service was postponed due to Covid travel restrictions. They did not know how long they would need a vehicle, so we extended their use of the van until they decided to buy a vehicle so they could sell it after the undetermined length of stay.

We are thankful for how God is using Righteous Rides to come alongside these missionary families in times of uncertainty and need.

Top things we are learning:

1. Flexibility
2. Be fluid and adaptable
3. Change is hard, but God is good, ALWAYS
4. We make plans but God determines our steps
5. We may think things are out of control, but God is sovereign

THANK YOU for partnering with us, allowing us to offer these services to Evangelical missionaries.

Our vans willingly carry our missionaries and their luggage for thousands of miles each month

Both Righteous Rides and Missional Living desire to serve frontline missionaries from around the world who are sharing the good news of Jesus!
