

GRATEFUL FOR THOSE WHO SERVE

The best part of the trip was seeing Fred again and meeting his wife, Pam. God has blessed them with a beautiful place and great views, which on a sunny day includes a view of Mt. Hood!

We are grateful for the many retirees, hub coordinators, and other volunteers who serve to provide transportation for missionaries. What a blessing to be a small part of what God is doing around the world!

This past month Seattle Hub Coordinators Mike and Bryn had the privilege of taking one of our Seattle Hub vans to Fred Tuggy, a Righteous Rides retired mechanic who had moved to Oregon. Fred had offered to assist in maintaining Righteous Rides vans located in the Northwest. What a blessing!

Mike and I reached out to Fred with a maintenance issue. The van had served many missionaries and was ready for a good once-over. Who better to do the job than van whisperer, Fred Tuggy?

**SERVE THE LORD WITH GLADNESS.
PSALM 100:2**

We decided to drive four hours to the Tuggys' home and return to Seattle by train. The van would need to be kept for a few weeks for Fred to diagnose mechanical issues, order parts, and complete necessary repairs. They treated us to coffee and a delicious flan, which Fred had made himself. We also got to see and enjoy their beautiful new home and Fred's amazing shop, which made Mike a little jealous in a good way.
