

# SUMMER INTERNS

This summer, Righteous Rides was blessed to have five interns from LeTourneau University! They brought a fresh perspective and helped serve in all parts of the ministry. To hear their stories, watch their podcast episode through this link.

As a returning intern, Ethan took a leadership role in the shop and helped train the two new shop interns.

Luke used his previous detailing experience to keep our vans spotless. He also put a new transmission in to a donated vehicle.

Josiah detailed vans and performed maintenance jobs on vehicles. He performed tasks like changing brakes, oil, and tires.

As a second-year intern, Bob worked in our CRM software, helped streamline work, and helped manage the coffee shop.

This summer Zaine started the Visitor Parking Podcast, worked on rebranding projects, and helped plan future events.
