

Meet the Interns!

This time of year, is made especially fun by our incredible summer interns. They will serve at headquarters for 11 weeks, bringing our I.T. systems up to speed and keeping up with the summer rush in the shop.

Rutledge Dixon - *I.T. Intern*

I am from Grapevine, Texas and I am currently studying computer science engineering at LeTourneau University. I love to play piano, listen to music, and spend time with my siblings. I will be working in software development/IT this summer.

Brandon Bryant - *I.T. Intern*

I come from Flower Mound, Texas and I am studying computer science at LeTourneau University. I enjoy outdoor activities like hiking and camping, creating fictional stories, and exploring different types of music. I will be working on software development at Righteous Rides this summer.

Thomas Herberg - *Auto Mech Intern*

I grew up in Texarkana Texas, and I am currently going to school at Letourneau University for mechanical engineering. I am working in the shop this summer, furthering my set of skills for the Lord. I am excited to serve the Lord in this ministry, and to grow relationships with my fellow interns and coworkers.

Praise

Our Shop Detailing Coordinator, Ian Beeson, reached his goal of being 100% supported for next year!

Prayer Request

We are praying that God will lead a missionary returning from the field to step into the very important role of Van Program Director.
